

The Copper Standard

Brotherhood Mined in the Keweenaw, Refined by Delta Upsilon

Oct. 2025

Volume 1, Issue 1

Diffusion of Liberal Culture: Austin's Experience in Jamaica

Last May one of our brothers, Austin Sherman, participated in DU's GSI program where he spent a week in Negril, Jamaica volunteering at a local school, Higher Heights Academy. During his time there, He met several brothers from all over the U.S. and formed connections he would have for life. Austin wouldn't have been able to attend if it weren't for the gracious donations of our alumni. "I am so thankful to everyone who helped be get here, This is an experience I will never forget and I would love for everyone to have the same opportunity I did." He spent four of the six days at the academy where he aided in the construction of a five foot tall wall along the playground to protect the children from oncoming traffic.

An Update from the President

The state of the chapter right now is the best I've seen it since joining my freshman year. The bonds between brothers is ever growing.

-Austin Sherman, Delta Mu #413

Development of Character: Service & Philanthropy

Service

We have had a successful semester for service so far, having logged 112 already this semester. We are particularly proud of the attendance for our annual Highway Cleanup and Make a Difference Day. Between the two days, our org volunteered 93 hours of time to the community, gathered 11 bags of trash, and chopped/stacked 5000 pounds of wood.

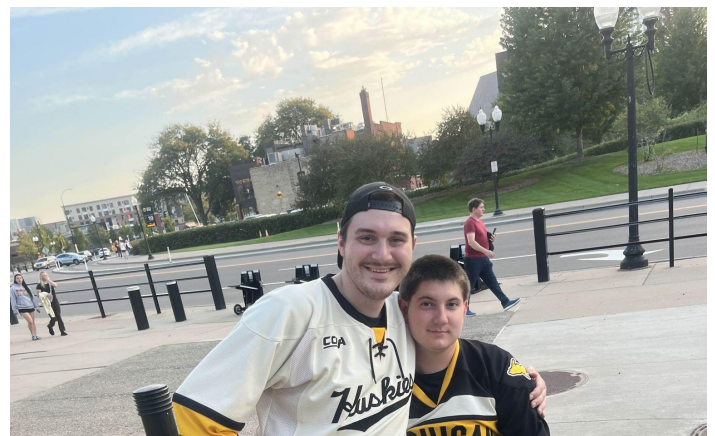

Philanthropy

We've had a strong semester on the philanthropy front, already raising \$509 toward our \$1,000 goal for the year. That's over halfway there, and we've still got big events ahead.

The bake sale earlier this semester was a hit — great turnout, good pastries, and about \$350 raised for GSI. Huge thanks to everyone who helped make it happen, namely Brenden Bedwell in the Delta Sigma Class for baking most of the treats!

Coming up next is the DU Carnival on November 8th, a new event we're running with WHSA to raise money for GSI. We will be hosting a number of carnival style games that should bring in quite a bit of money for the event.

Thank you to everyone who helped make these events possible! -David Moomaw, philanthropy coordinator

Promotion of Friendship: Associate Class of Delta Tau

Recruitment Season is Over!

Without further ado please
meet the new associate class:

Lawson Glomski
#432

Having visited our chapter the summer before his first semester at tech, Lawson had decided to join our ranks before he even came to Michigan Tech. He enjoys mountain climbing, hiking, video games, car audio, and cold weather. He is a prospective electrical engineer.

Jesse Lowry
#433

Started hanging around the chapter after being invited over for a movie. Really enjoyed the social aspects of greek life trying to better his own social skills. Hobbies include gameing, reading, and just trying new things. Currently a robotics engineer but interested in mechatonics

Connor Rose

#434

Connor was introduced to Delta Upsilon early and joined up quickly afterwards. He enjoys music, playing guitar, video games, and the outdoors. He is a prospective Aerospace Engineer.

Isaac Spratke

#435

Isaac has been a friend of the chapter for a long time. For his first two years at Michigan Tech he could be seen at our rushes, events, and lifting with brothers at the gym. Halfway through his college career he has finally made the choice to join our ranks. In addition to this choice, he has also taken this semester to declare his major, shadow and enterprise, and become the VP of his dorm East Hall.
